movie maker

This is a huge deal. I absolutely do not want to take away from Locan0c, Breshi, Archival Mind, and other music archivists, but if Byf and them get copyright strikes what happens to other smaller content creators using Bungie's music? I sure as hell don't want my literal entire Google account terminated, so now I'm scared to make new Destiny videos let alone keep the ones I've already made up.
